

The Playground is Going, Going, Gone . . .

The lonely merry-go-round

After many years of giving much joy to children swinging, going in circles on the merry-go-round until they were dizzy, teeter-tottering, etc. the gleeful sounds in the playground will be heard elsewhere on the Mennonite Youth Farm Complex.

The move of this playground was necessary in order to make way for part of the new Personal Care Home being built in the same space.

The merry-go-round was the last piece to leave about June 26, 2017. All was done in the name of progress.
