

# The Transition Approaches

October 23 – Nov 3

During this period we saw the closure of the foundational work, and are witnessing preparation work progressing for above the ground. Everyone now wants to see walls, when will they come?

Gravel put in the crawl space and fill dirt around the foundation put in.

Working on the Chapel floor.

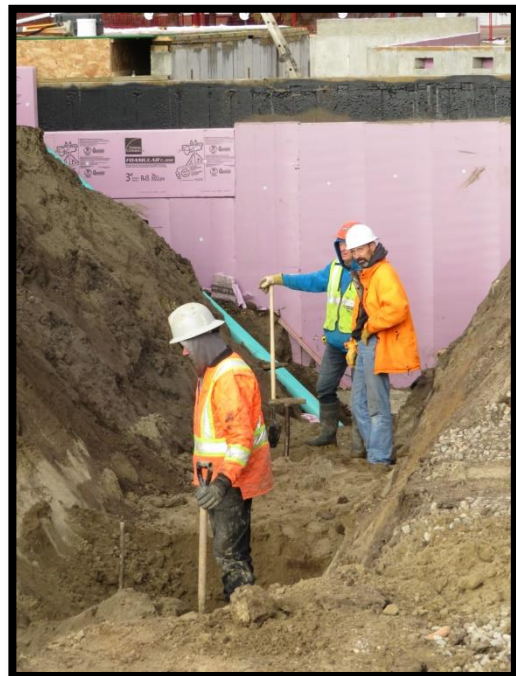

First Snow!

Finishing the last of the foundation insulation.

Finished the foundation. Time to move on to the next challenge.
